

Client: Association of Consulting Surveyors NSW
Location: Sydney CBD
Time Scale: 4 Weeks
Area: 270 m²

Client Profile:

The Association of Consulting Surveyors NSW is a professional association whose membership practice surveying or related disciplines within New South Wales.

Scope of Works:

Design and fitout a professional training and function facility in the Sydney CBD. The fitout needed to be aesthetically pleasing to trainees, guests and dignitaries and be a functional resource for the surveying community.

Works Included:

- ▲ Demolition of the existing area
- ▲ New ceilings, walls, speciality finishes and timber floors
- ▲ Installation of essential services
- ▲ New kitchen facilities including plumbing services
- ▲ Electrostatic spraying of lift doors, surrounds and window frames
- ▲ Construction of a vaulted ceiling and bulkheads
- ▲ Installation of bespoke lighting
- ▲ A new designer stone reception counter.

Challenge:

The project was under a very tight time frame. The exceptional quality of the finishes and fittings was not to be compromised.

Solution:

Careful scheduling of works coupled with the ability to be flexible made it all possible. Our expert team of highly skilled tradesmen worked around the clock to complete the fitout on time and to the highest standard.

“We engaged Apex Executive Interiors to create a new office and training area. Their craftsmen had great attention to detail and nothing was ever too much trouble. The results speak for themselves, well done!”

DR. Veronica Bondarew, Association of Consulting Surveyors NSW, Chief Executive Officer.
